Autorun Hijacker is a small free utility that can be used to silently change the registry entries on a Windows system. Once a user double-clicks on the Autorun Hijacker setup file, the Autorun Hijacker utility opens, prompting the user to select the Autorun Hijacker options. By default, the Autorun Hijacker utility opens with the hidden, sensitive settings of the HKEY_LOCAL_MACHINE\Software\Microsoft\Windows\CurrentVersion\Run key. Requirements To run the Autorun Hijacker utility you need the following specifications on the system: Windows 2000, XP, 2003, Vista, Windows 7 and Windows 8 and Windows 10 systems Windows 7 and 8 users will need also Windows Media Player to be installed in the system Autorun Hijacker fully compatible with Windows 8 and Windows 10 The Autorun Hijacker utility will work with all the version of the Windows OS (from Windows 2000 to Windows 10) In Windows 2000, XP, 2003, Vista and Windows 7 a service is not required

After installation, a new registry entry is automatically created in the

HKEY_CURRENT_USER\Software\Microsoft\Windows\CurrentVersion\Run key with the following values:

AutoRunHijacker.exe (if the configuration is enabled) or AutoRunHijacker.exe.default (if not enabled)

AutorunHijackerService.exe (if the configuration is enabled) or AutorunHijackerService.exe.default (if not enabled) If these registry entries are set, the service starts. The following figure shows the AutoRun Hijacker Service with the Disabled State. The following figure shows the Autorun Hijacker utility with the Disabled State. How to use Autorun Hijacker utility? After you download, extract and install the Autorun Hijacker utility, double-click the Autorun Hijacker setup file to start the Autorun Hijacker utility. On the Welcome to Autorun Hijacker screen, select the AutoRun Hijacker Configuration tab. You can choose to Change the Registry settings (and/or create a new registry entry in the Run key) or leave them at their current state. Choose the registry entry or create a new one or do nothing to accept the AutoRun H f678ea9f9e
